SUMMARY

Full Stack Developer skilled in building responsive, scalable, and user-friendly web applications using React.js, JavaScript, Node.js, Express.js, PHP, REST APIs, and MySQL. Experienced in developing modern frontend interfaces, building backend services and APIs, integrating databases, and implementing complete application workflows. Focused on writing clean and maintainable code, optimizing application performance, and creating secure, reliable, and smooth digital experiences. Passionate about learning modern technologies and developing practical full stack solutions.

SKILLS

HTML5, CSS3, JavaScript, React.js, Bootstrap, Tailwind, PHP, MySQL, C++, DSA, Node.js, Express, Git, GitHub

EXPERIENCE

Full Stack Developer Intern – Present

2026 – 2026

Progee

Remote

- Developing responsive and user-friendly web applications using React.js, JavaScript, HTML, CSS, Tailwind CSS, and Bootstrap.
- Building backend services and RESTful APIs using Node.js, Express.js, and PHP.
- Working with MySQL databases to design, store, retrieve, and manage application data.
- Integrating frontend applications with backend APIs to build complete end-to-end web application workflows.
- Implementing reusable components, routing, state management, authentication, and dynamic application functionality.
- Following clean and maintainable coding practices while improving application performance, responsiveness, and user experience.
- Using Git and GitHub for version control, source code management, and collaborative development.

PROJECTS

Developer Portfolio & Showcase

2026 – 2026

Fully responsive portfolio website built with React 19, Vite, and Tailwind CSS to showcase full-stack projects and skills.

- 15+ reusable React components with modular architecture
- Custom typing animation + interactive code terminal
- Dynamic content rendering with .map() for scalability
- Framer Motion scroll animations
- 95+ Lighthouse scores (Accessibility, Best Practices, SEO)

AudioNest – Full-Stack E-Commerce Web Application

2026 – 2026

- Developed a responsive e-commerce website using React.js, Tailwind CSS, PHP, MySQL, and REST APIs.
- Implemented authentication, product CRUD, image uploads, search, filters, sorting, pagination, and shopping cart. Built reusable UI components with React Router, Context API, Axios, and Swiper.js.
- Connected React frontend with PHP/MySQL backend using REST APIs.

A&H Studio – Clothing Brand Website

2025 – 2025

- Developed a responsive e-commerce clothing website using HTML, CSS, Bootstrap, PHP, and JavaScript with full core functionality.
- Implemented user authentication, product features (cart, wishlist, orders, blog, contact), and an admin dashboard with Chart.js analytics.

Notes CRUD Application – PHP & MySQL Project

2024 – 2024

- Developed a Notes Management System using PHP, MySQL, HTML, CSS, Bootstrap, and JavaScript.
- Implemented CRUD operations with search, sorting, and pagination.
- Added Bootstrap modals for editing and secure note deletion.

EDUCATION

Intermediate (Physics)

The Superior College

2022 – 2024

Lahore, Pakistan

Bachelor of Science in Computer Science

The Superior University

2024 – 2028

Lahore, Pakistan

CERTIFICATES

- Introduction to SQL – SoloLearn
- Certificate of Participation – Coding Spree

LANGUAGES

Urdu (Native), English (Basic)
